Kulanu Crypto-Jewish Speaking Tour 2017-18

Come hear Jonatas Chimen speak of the experience uncovering his genealogy of Crypto-Jewish roots, lending a face to the ancient story of the Anousim in a very current, thought provoking, and visually rich way. He will blend his narrative with his artwork as a way to best discuss his struggle and his spiritual journey returning to Judaism.

Kulanu is a non-profit organization dedicated to supporting isolated, emerging, and returning Jewish communities around the world.
